

# ***Gaming and Computer Agreement***

Date: \_\_\_/\_\_\_/\_\_\_

I \_\_\_\_\_ agree to earn my game playing time/privilege by maintaining good grades and not get anything below a \_\_\_\_\_. Otherwise, my parents will remove my gaming system immediately until my grades improve – no matter how long that takes.

I also agree to these rules:

- I agree to play only one hour a day (two hours on weekends) at a set time determined by Mom and Dad. If not, I forfeit game playing for the next \_\_\_\_ days.
- I can earn extra playtime only if agreed upon in advance by my parents.
- I will not play until my homework, chores, and other responsibilities are done and done according to acceptable standards as set by my parents.
- I will shut off the game when given one reminder. If I don't stop when told, or argue about playing more, I will automatically forfeit my gaming system for the next \_\_\_\_ days.
- I will not play games with inappropriate themes in front of my younger siblings.
- Gaming systems are a privilege, not a necessity. My parents can remove it, sell it, or give it away if I don't respect these rules.
